

# FUND STATUS

FY 2014/15

As of April 30

Enhance the quality of life in the City by  
delivering public services in a knowledgeable,  
responsive and financially responsible manner.

---

## Explanation of Tables and Charts

### Monthly Report Note

Remaining budget associated with multi-year projects from the previous fiscal year has been allocated in the appropriate Funds. Enterprise and Capital Funds may have Expenditure budget amounts included in Contingency that will be transferred to Operating budget amounts through upcoming budget revisions.

### Budget Status

The Budget Status table contains actual numbers for the current year. The “Current Approved Budget” is the original budget plus any budget revisions / amendments that have occurred during the fiscal year. Actual year to date expenses include expenses that have occurred during the current month. Those numbers are also shown as a percentage of the current approved budget. The “Total Expenses to Date” reflects actual expenses at the close of the month plus the percentage of the budget that has been spent. The “Target” percentage assumes the budget is spent in equal monthly allotments. For budget monitoring purposes, the percentage spent to date should be less than the target amount.

### Percentage of Budget Spent

This graph compares current spending patterns with that of previous years. The “Baseline” plot assumes spending will occur in equal amounts each month (1/12<sup>th</sup> or 8.3%). Actual spending patterns are presented for the prior two fiscal years and the current year. Finally, a projection is made for the remaining months of the current year based on the average spent during the same period in the previous two years. As a budget monitoring tool, in most instances this graph should reflect consistent spending patterns and ideally the “Projected” line should be below both prior year actuals and the “Baseline”.

### Actual Expenses by Month

The purpose of this graph is to compare current spending patterns with previous years. Trends in monthly spending patterns will be evident.

### Budget to Actual Comparison

The purpose of this chart is to compare spending in the current year against the approved budget. The “1/12 Budget” line is a presentation of the current approved budget divided into twelve equal allotments. The “Budget/Spending Pattern” uses prior year spending patterns to allocate the current approved budget into twelve allotments. Actual spending is also plotted. The last item on the chart is “Accumulated Savings”; this is the difference between actual spending and the budget allotment using **prior** spending patterns. As a budget monitoring tool, this line should be above \$0. *(Please note that the budget allotment does use prior spending patterns. As a result, there may be some Departments where this line is below \$0, even though current year expenditures are within budget.)*

**General Fund Revenues Narrative**

**As of April 30, 2015**

**Operating Revenues Overview**

The City of Orlando's Operating Revenue budget totals \$330M for Fiscal Year 2014/15. Through April, the City brought in \$238.9M which represents 72.40% of the \$330M Revised Budget.

**Property Taxes**

The Property Tax revenue budget rose between Fiscal Years 2013/14 and 2014/15 to a total of \$128.2M due to rising housing market values and an increase in the City's millage rate. Property Tax revenue collection began in November and approximately 96.19% of the revenue has been received through the end of April.

**Charges for Services**

Charges for Services primarily include Cost Allocation Plan revenues and Public Safety Fees. Approximately 61.69% of these revenues have been collected so far. This is a slight increase in the percentage of budget collected so far compared to the 58.73% received through March of FY 2013/14.

**Fines and Forfeitures**

\$1.0M of the \$2.3M budget has been collected after the seventh month of the Fiscal Year. The majority of the budget (\$1.75M) is from Red Light Camera citations. Legislation requires a portion of this revenue to be diverted to the State; however, the legislation also allows the City to install devices on State roads, which see higher traffic volumes. The Orange County Clerk of Courts is responsible for sending the City all funds due once the State portion has been deducted.

**Franchise Fees**

The amount collected to date is just under \$17.0M which is 55.64% of the annual budget. This collected percentage is slightly under than the monthly benchmark of 58.33%.

**Intergovernmental Revenue**

Intergovernmental Revenue includes dividends paid out monthly to the City from OUC, Grant Revenues and State Revenue Sharing. The \$37.8M collected represents 57.51% of the \$65.8M revenue budget.

**Licenses and Permits**

Local Business Taxes are at 105.36% of budget while 97.60% of Permits Fees have been collected, totaling \$10.8M in revenue.

**Sales and Use Taxes**

For this revenue group, 47.24% of the \$57.1M budget has been collected through April. The City's portion of State Sales Tax totals \$21.3M for April which is 57.31% of the total budget. During this same period in FY2013/14, the City had collected 51.33% of the total budget.

- 1) Collection begins in November.
- 2) Revenue recorded one month in arrears.
- 3) \$82.4M to be received from OUC between Franchise Fees & Dividend. Budgeted amount is estimated split provided by OUC. Revenues recorded against the \$82.4M budget total \$47.0M or 57.02%.
- 4) Grants received on a reimbursement basis.
- 5) Insurance Premium Taxes are collected in September. A current negative amount is derived from a reclassification of the previous fiscal year's Police Casualty Insurance Premium Tax revenue.
- 6) Transfers done quarterly.
